INDIVIDUAL DEVELOPMENT ANALYSIS
Voluntary Conversion of Public Housing Development Analysis
Required Initial Assessment

DEVELOPMENT NUMBER AL09P143001

As required by 24 CFR Part 972 – Complete each section to determine if Conversion of Public Housing to Tenant-Based Assistance, may be appropriate:

Necessary conditions for voluntary conversion:

- Will not be more expensive than continuing to operate the development (or portion of it) as public housing;
- Will principally benefit the residents of the public housing development to be converted and the community; and
- Will not adversely affect the availability of affordable housing in the community.

1. Is the cost of conversion more expensive than continuing to operate the development as a public housing community? Use most recent financial (year-end) statements for public housing and Section 8.

a. Public Housing Line 520, HUD 52599: (PUM) \$243.49

*Avg. Unit Cost provided by Samson Housing Authority.

b. Section 8 HUD 52681, Line 30 _____ divided
by Line 11: _____ = avg. unit cost \$255.55

(If you do not have Section 8, you may contact another Authority in your locality with the same FMRs and use its information or contact your Public Housing Revitalization Specialist)

c. Is Line 1b higher? Yes X No _____

If line c is yes, Section 8 is more expensive to operate and is not appropriate for conversion and you do not have to complete sections 2 or 3.

2. *Would the conversion of this public housing development principally benefit the residents of this development and the community?* YES _____
NO _____

a. *Would the conversion adversely affect the availability of affordable housing in the community?* Yes _____ No _____

Comments:

(The amount of low-income housing is currently insufficient as evidenced by the PH waiting list, by the number of unsuccessful Section 8 vouchers issued, etc. Note that the converted units could be sold, demolished or rented to market renters reducing the available units.)

b. *Would the conversion provide the development residents with better housing choices?* Yes _____
No _____

Comments:

(There is (is not) an ample supply of better quality, affordable private rental units in the community, etc.)

- c. Would the conversion help to de-concentrate low-income families in the community?
Yes _____ No _____

Comments:

- d. Could other sources of housing be developed in connection with the conversion of this development to benefit residents? Yes _____ No _____

Comments:

(Sell older units on prime real estate and rebuild up-to-date units in more economical areas, etc.)

If line 2 is no, this development is not appropriate for conversion and you do not go to Number 3.

3. Would the conversion of this public housing development affect the availability of affordable housing stock in the area? YES _____ NO _____

Comments:

(Lack of affordable units in the area, long waiting lists for all affordable units, lack of vacancies in affordable units. What would loss of public housing units do to number of affordable units, i.e. vouchers only available on a year-to-year basis with no guarantee of future availability)

If line 3 is no, this development is not appropriate for conversion.

We have determined that conversion is:

_____ Appropriate because conversion of the development would meet the necessary conditions for voluntary conversion.

_____ Inappropriate because conversion of the development would not meet the necessary conditions for voluntary conversion.

All highlighted areas are provided for guidance and should be deleted when completed!
